

The new Caddy

The new Caddy **For whatever comes next**

Love life – drive the new Caddy. Welcome to the fifth generation of this popular and versatile vehicle – with more digital functions and greater comfort and flexibility than ever before.

Flexible as always. More innovative than ever

The new Caddy

The most popular vehicle in its class – now completely revamped, with improvements in many areas.

Ultra-digital and closely integrated

High-resolution InnoVision Cockpit²⁾, new infotainment systems with touchscreens up to 25.4 cm (10 inches)²⁾, shortcuts for main functions and Volkswagen We Connect³⁾.

Partly automated driving

The latest generation of driver assistance systems, incl. ACC 2.0²⁾, 4), 5), "Travel Assist" with "Emergency Assist"²⁾, 4), 5), "Trailer Assist"²⁾, 4), 6) and lane change system "Side Assist" with Rear Traffic Alert²⁾, 4).

Perfect for everyday use

Flexible vehicle interior with new seating layout, removable single seats in the third row¹⁾ and plenty of storage options.

Premium driving comfort

Comfortable ergoComfort seats²⁾ with electric 4-way lumbar support and a very spacious interior.

Proven quality

Durable materials, high-quality workmanship and reliable engines.⁷⁾

Modern design

Striking new front end with honeycomb structure, dynamic, clear lines, and an array of improvements to achieve a lower drag coefficient.

Three new equipment lines

Keeping the essentials in mind – the new Caddy. Supreme comfort: the new Life. Refined design: the new Style.

Lower emissions

Two SCR catalytic converters, arranged in series, and multiple AdBlue[®] injection significantly reduce NOx emissions from the modern generation of engines.⁷⁾

Worth celebrating

Everything in view

The new Caddy shows exactly what it can do – on a wide digital screen. The high-resolution Innovision Cockpit¹⁾ features two large displays which provide the driver with all essential information. Volkswagen We Connect²⁾ brings a wealth of extras, and the free app turns your smartphone into a remote control.

1) Option at extra charge. 2) To use We Connect services, you need to have a Volkswagen ID user account, and must log into We Connect with your username and password. In addition, a separate We Connect contract or We Connect Plus contract must be concluded online with Volkswagen AG. For We Connect Plus, you have 90 days from vehicle handover to register the vehicle at portal.volkswagen-we.com in order to use the services for the full duration of the agreed complementary period. Only available in conjunction with a compatible infotainment system. Illustration of the materials may vary. Illustration includes option at extra charge. Please contact your local Volkswagen dealer for details of the standard equipment and optional extras available in your country.

Easy functionality

01

- 01 Gesture control **NEW**
- 02 Navigation system with 10-inch display¹⁾ **NEW**
- 03 Voice control¹⁾
- 04 Inductive charging function¹⁾

Experience digital progress first-hand in the new Caddy. With your fingertips. The touch-sensitive displays recognise the same gestures as a smartphone. You can control navigation and multimedia functions, the air conditioning and the mobile online services from Volkswagen We Connect²⁾.

Enjoy a wealth of extras by supplementing the 25.4 cm (10 in) infotainment display of the "Discover Pro"³⁾ navigation system with a Digital Cockpit³⁾ to create the Innovision Cockpit⁴⁾. The high-resolution 26.0 cm (10.25 in) digital instrument cluster screen is perfect for displaying a 3D view of the navigation map, and also lets you view the current driving data or your smartphone media library. Use the buttons on the multifunction steering wheel to scroll conveniently through the playlist, select the next call via contact portraits, or activate individual driver assistance systems.

If your hands are occupied, you can now talk to your new Caddy. Use your voice to answer phone calls, select a radio station and set a navigation destination. Even the air conditioning system listens to your commands.¹⁾

1) Option at extra charge. 2) To use We Connect services, you need to have a Volkswagen ID user account, and must log into We Connect with your username and password. In addition, a separate We Connect contract or We Connect Plus contract must be concluded online with Volkswagen AG. For We Connect Plus, you have 90 days from vehicle handover to register the vehicle at portal.volkswagen-we.com in order to use the services for the full duration of the agreed complementary period. Only available in conjunction with a compatible infotainment system. 3) Standard equipment in the new Style. Option at extra charge in the new Caddy and the new Life. Illustration of the materials may vary. Illustrations include option at extra charge. Please contact your local Volkswagen dealer for details of the standard equipment and optional extras available in your country.

Your direct line to the new Caddy

01

Volkswagen **We Connect**¹⁾ makes driving a more digital, closely integrated and comfortable experience. The integrated eSIM card means you can be online whenever you like. All you have to do is use your Volkswagen ID to activate your chosen mobile online services. You can then use your smartphone app, the infotainment system display, or even your laptop at home to access your new Caddy. The free We Connect¹⁾ basic package comes with plenty of useful tools. For example, you can view the status of your vehicle at any time and use the app to check that the windows are closed.

We Connect Plus^{1), 2)} opens up the world of mobile online services. The premium package builds on the basic range of services. It features Remote Ventilation Control^{3), 4)}, an Online Anti-Theft Alarm³⁾ and current Online Traffic Information. And the intuitive Online Voice Control³⁾ helps your new Caddy to hear you loud and clear.

You can also access the **In-Car Shop**¹⁾ in the vehicle. This is where you can add extra functions, e.g. navigation software for the "Ready 2 Discover" radio system via We Upgrade⁵⁾, or purchase Streaming & Internet data plans. All services can be found on page 53.

02

01 We Connect Plus Streaming & Internet^{1), 2)} **NEW**

02 We Connect Plus Online Auxiliary Heater^{1), 2), 6)}

03 In-Car Shop¹⁾ **NEW**

03

More online services. The free We Connect¹⁾ package features an array of handy services and vehicle functions. We Connect Plus^{1), 2)} provides even more functions.

We Connect¹⁾ includes:

Breakdown Call
 Parking Position
 Automatic Accident Notification **NEW**
 Vehicle Status
 Doors and Lights
 Vehicle Health Report
 Driving Data
 Service Scheduling

We Connect Plus^{1), 2)} offers:

Online Traffic Information
 Online Map Update **NEW**
 Online Voice Control **NEW**
 Online Anti-Theft Alarm
 Online Auxiliary Heater⁶⁾
 Remote Ventilation Control⁴⁾ **NEW**
 Media Streaming⁷⁾ **NEW**
 Wi-Fi Hotspot⁷⁾ **NEW**

Volkswagen We Connect¹⁾ can do even more. You can find a complete list of services on vwn.de/mod and in the catalogue on page 53.

1) To use We Connect services, you need to have a Volkswagen ID user account, and must log into We Connect with your username and password. In addition, a separate We Connect contract or We Connect Plus contract must be concluded online with Volkswagen AG. For We Connect Plus, you have 90 days from vehicle handover to register the vehicle at portal.volkswagen-we.com in order to use the services for the full duration of the agreed complementary period. Only available in conjunction with a compatible infotainment system. 2) At extra cost once the initial We Connect Plus service period expires. 3) Item depends on the vehicle equipment and the available services. 4) Only available in conjunction with the "Climatronic" two-zone air conditioning system and the auxiliary water heater with remote control. 5) To use We Upgrade items you need a Volkswagen ID user account, a valid We Connect contract, and you must be an authorised primary user, meaning your user account is linked to the specific vehicle. The vehicle must also have the technical functions and hardware required for the relevant We Upgrade. The primary user can view the We Upgrade functions available for each vehicle in the online shop or In-Car Shop. 6) Only available in conjunction with the optional auxiliary water heater with remote control. 7) Only available in conjunction with the Streaming & Internet package. Illustrations include option at extra charge. Please contact your local Volkswagen dealer for details of the standard equipment and optional extras available in your country.

Fun for everyone

The Caddy copes with almost anything. Ideal for everyday use. Also perfect for sport and leisure. For work. And for holidays. For city shopping trips and countryside excursions. And for a thousand other occasions.

- 01 Foldable, double-folding and removable seats
- 02 "Premium" bicycle carrier for the tow bar¹⁾
- 03 Two sliding doors

Open the two sliding doors and hop on board for the adventure of a lifetime. The new Caddy is the perfect companion, adapting effortlessly to your daily life. The two-part bench seat in the second row can be easily folded down and double-folded, or even removed completely. In addition, the bench and the single seat can also be removed independently of each other. This leaves plenty of space for bulky purchases or even small items of furniture.

You can also add a tow bar²⁾ to free up more space at the rear. The "Premium"¹⁾ bicycle carrier carries two bicycles with ease. The anti-theft code gives you peace of mind when leaving them on the carrier while en route to your next adventure.

Let the adventure begin

1) Option at extra charge from Volkswagen Accessories. Will be introduced at a later date. 2) Option at extra charge Please contact your local Volkswagen dealer for details of the standard equipment and optional extras available in your country.

"Rear Cross Traffic Alert".^{1), 2)}
NEW

When reversing out of a parking space, the system monitors the road at right angles to the parking space, registers approaching objects and prevents imminent collisions through automatic braking intervention.

Trailer manoeuvring system
"Trailer Assist".^{1), 2), 3)} **NEW**

Makes it easier to steer a trailer when manoeuvring in a perpendicular parking space, and helps with precise reversing.

"Front Assist" with City Emergency Braking.^{1), 2)} **NEW**

Detects pedestrians, cyclists and vehicles in the direction of travel and alerts the driver to hazardous situations. If the driver doesn't react in time, the system responds with automatic emergency braking, and can even perform an evasive manoeuvre in critical driving situations.

Adaptive Cruise Control ACC 2.0 with "Stop and Go" function.^{1), 2), 4)}
NEW

Helps to maintain the correct distance to the vehicle in front, and restarts the vehicle when deactivated briefly in a traffic jam or urban congestion.

"Travel Assist" with "Emergency Assist".^{1), 2), 4)}
NEW

The combined functions of ACC 2.0, "Lane Assist" and "Emergency Assist" help to take the strain on long journeys.

"Lane Assist" lane keeping system with counter steering assistance.^{2), 5)}

Detects the driver's own lane using a multifunction camera and corrects unintentional departure from the lane at speeds above 60 km/h by applying counter-steering.

"Emergency Assist".^{1), 2)} **NEW**

Enhances safety when the driver is incapacitated. The system initially reacts to inactivity by emitting a warning tone, vibrating, and then performing a safe braking manoeuvre.

"Rear View".^{1), 2)}

Automatically applies the brakes when parking or driving out of a parking space if the parking distance sensors or the lane change system detects an obstacle

Dynamic Road Sign Display.^{1), 2), 6)}

Detects speed limits, no-overtaking zones and time- and weather-related restrictions using a special camera, and informs the driver via the multifunction display.

Lane change assistant
"Side Assist".^{1), 2)} **NEW**

An LED light unit in the relevant exterior mirror warns the driver about vehicles approaching from behind or located in the blind spot.

Helping you to be a better driver

Watch the new and improved driver assistance systems in action at vwn.de/fas

1) Option at extra charge. 2) Within the system thresholds. 3) Will be introduced at a later date. 4) Only available in conjunction with the dual-clutch gearbox (DSG). 5) The driver must be prepared at all times to override the assist systems and is not released from their responsibility to drive with the utmost care. 6) Only available in conjunction with a compatible infotainment system. Please contact your local Volkswagen dealer for details of the standard equipment and optional extras available in your country.

Everyday power

01

1) Option at extra charge. Not available for all engines. 2) Will be introduced at a later date. Illustrations include option at extra charge. Please contact your local Volkswagen dealer for details of the standard equipment and optional extras available in your country.

02

01 4MOTION all-wheel drive.^{1), 2)} It automatically adapts the power transmission to the wheels to the current driving situation. This ensures optimum driving characteristics and responsive driving dynamics, even on poorly surfaced roads.

Efficient engines. **NEW** The new Caddy's four powerful combustion engines are some of the most efficient and economical TSI and TDI engines ever installed in a vehicle in this class. In-depth research and development has resulted in consumption values that set new standards and signal the next step in the evolution of petrol and diesel technology.

02 Dual-clutch gearbox (DSG).¹⁾ The new Caddy can be fitted with an adaptive 7-speed dual-clutch gearbox. This enables fully automatic, smooth gear changes without interruption of tractive power, and it also adapts to the driver's driving style. You can also shift up and down using rocker switches on the steering wheel.

Improved emission control. **NEW** Innovative twin dosing significantly reduces the NO_x emissions from TDI engines compared to the previous model. This is achieved through the selective double injection of AdBlue® upstream of the two SCR catalytic converters, which are arranged in series. A special ammonia slip catalyst downstream of the SCR system mitigates the emission of excess ammonia.

Aren't we all a little different?

No two people are alike. Which is why there are three new equipment lines for the new Caddy – Caddy, Life and Style.

Illustration includes option at extra charge. Please contact your local Volkswagen dealer for details of the standard equipment and optional extras available in your country.

Mobile playroom

The new Caddy – perfect for young families.

Being a parent is a full-time job. On your feet from early morning to late evening, there's rarely any time to get bored. It seems like the offspring can cause the most chaos. Having the right car is half the battle. A car that can be adapted like child's play. And a car that copes with anything family life throws at it.

01

Children rarely sit still. Door open, door closed, light on, light off, music up, music down: The new Caddy comes along for the ride! For example, the two single seats¹⁾ in the third row can be removed, either together or separately, to make way for bulky items. Safety is and remains our priority. Which is why this hard-wearing all-rounder comes with curtain airbags for the outer seats in all rows as standard. Extra comfort comes courtesy of "Front Assist" with City Emergency Braking System²⁾ and "Lane Assist"^{2), 3)}, which performs counter steering assistance to warn the driver if the vehicle is straying out of its lane.

02

03

- 01 Panoramic sunroof¹⁾ **NEW**
- 02 Folding tables in the passenger compartment¹⁾
- 03 Electrically adjustable and heated exterior mirrors

Illustrations include option at extra charge. Please contact your local Volkswagen dealer for details of the standard equipment and optional extras available in your country.

In tune with nature

The new Life – comfort in action.

Recreation requires room. Outdoor enthusiasts are especially aware of this. It's pretty tricky to fit dog boxes, paragliders and mountain bikes in small luggage compartments. And you can forget about collapsible boats! If you need some leftover space for comfort, then the new Life is the vehicle for you. It is the perfect way to explore the natural world at your leisure.

The Life has space for everything you might need to enjoy a day trip. Double-fold the rear seat bench (split ⅓ to ⅓) forwards to create a practical loading bay. There's more than enough room for a collapsible canoe, two paddles and a large picnic basket. And after an action-packed day on the water you can enjoy a relaxed journey home. "Travel Assist"^{1), 2), 3)} combines the lane keeping system "Lane Assist"^{2), 4)} with Adaptive Cruise Control ACC 2.0^{1), 2), 3)}, helping to guide you home safely. Adaptive lane centring also helps to keep you on the right track.

Also available as the new Life Maxi.

The new Style – elegantly modern. Sometimes it's all about doing things in style. For young and old alike. A nice-looking profile, an eye-catching face, a few aesthetic touches – and you're off to the races. The new Style is a prime example.

Next-generation style

The new Style is an elegant combination of new features and established favourites. The popular vehicle concept, the high-quality workmanship and the impressive flexibility are combined with features never previously seen in a Caddy. These include the 18-inch "Monterosso" alloy wheels¹⁾, available for the first time in this model, the Innovision Cockpit¹⁾ – which consists of the Digital Cockpit and "Discover Pro" navigation system with 25.4 cm (10 in) colour touchscreen¹⁾ – and plenty of We Connect²⁾ and We Connect Plus^{2), 3)} services. They also enable you to access the vehicle data and the vehicle itself remotely. The road ahead is clear, too. Standard features include LED headlights and tail light clusters, chrome trim strips at the front, on the sides and rear, along with a silver roof railing – the perfect finishing touches for life with your new Caddy.

The new Style

03

Life on the open road The new Caddy California

Camp wherever and whenever you feel like it. The Caddy California¹⁾ makes it all possible. The bed in the everyday 5-seater is more comfortable than ever before. Other standard features include privacy curtains, practical stowage pockets and a folding table with two folding chairs. The Caddy California now has a mini-kitchen for the first time^{3), 4)}. Another optional extra is the rear tent^{3), 5)} with inflatable air linkage. These features turn the new Caddy California¹⁾ into a small holiday apartment on wheels.

01

Illustrations include option at extra charge. Please contact your local Volkswagen dealer for details of the standard equipment and optional extras available in your country.

02

Looking for a stretch limo? The new Maxi

Time to stretch out. The new Maxi is 353 mm longer. So there's plenty more space for you. And plenty more fun for the little ones on long journeys, and when getting in and out. The new 844 mm sliding doors on the new Maxi are 143 mm wider than on the short wheelbase version. A luxury you and your family shouldn't go without.

03

- 01 Maxi with seven seats** – second row, split $\frac{2}{3}$ to $\frac{1}{3}$, third row of seats with two single seats
- 02 Extra-wide Maxi sliding doors**
- 03 Maxi with large luggage compartment** – second and third seat row removed

Also available as the new Kombi Maxi.

Two in one

The new Kombi

The Kombi is your best option if you need a new Caddy for professional as well as private use. The robust 5-seater has all the features that have made the Caddy a best-seller – hard-wearing materials, high-quality workmanship and a flexible interior. New features include the fully panelled passenger compartment and the curtain airbags for the second seat row. This makes the new Kombi safer and more comfortable than ever before.

01 Variable passenger compartment
02 Roof gallery

1) Two Maxi sliding doors come as standard on the new Kombi Maxi. 2) Within the system thresholds. 3) The driver must be prepared at all times to override the assist systems and is not released from their responsibility to drive with the utmost care. Illustrations show the Kombi Maxi with options at extra charge. Please contact your local Volkswagen dealer for details of the standard equipment and optional extras available in your country.

ergoComfort seats (AGR) for driver and front passenger NEW	—	●	●	●

01 Electrically adjustable, heated, folding exterior mirrors. Fold in automatically when the vehicle is locked using the remote control.

02 Leather multifunction steering wheel. Pleasant to the touch, and extremely user-friendly. You can use the buttons to control features including the radio and navigation system, a mobile phone, and the cruise control system. Vehicles with a dual-clutch gearbox (DSG) have extra paddles for responsive gear changes.

03 Direct access button module. The module is arranged centrally around the hazard warning lights button and uses shortcuts for easy access to major functions such as driver assistance systems, air conditioning functions and parking assistance systems. The module is installed in all radio systems from the “Composition” onwards.

Light & Sight operating module. Various functions for controlling the headlights and the heated windscreen are grouped in a central control module to the left of the instrument cluster or Digital Cockpit²⁾.

Linear roof module. The LED interior lighting can be operated with touch control. The Information Call and Breakdown Call, the button for the front passenger airbag and the mandatory emergency call button are also within easy reach in the module.

04 ergoComfort seat (AGR). The comfort seat, which has been certified as back-friendly by Aktion Gesunder Rücken (AGR) e.V.³⁾, features a comprehensive range of settings designed to support the spine. In addition to adjustment of the seat length, seat height, seat depth, seat tilt, backrest and head restraint, the ergoComfort seat features electric 4-way lumbar support.

Two USB-C ports with charging function on the centre console in the passenger compartment NEW	—	●	●	●

05 “Composition Audio” radio system. The system with a 16.5 cm (6.5 in) colour touch display and up to four loudspeakers has one integrated USB-C port and one Bluetooth telephone interface.

06 “Composition” radio system. In addition to the functions of the “Composition Audio” radio system, the system has a 20.9 cm (8.25 in) colour touch display, six loudspeakers, two USB-C ports in the centre console, and a Bluetooth interface. The system supports WeConnect⁶⁾ and We Connect Plus⁶⁾.⁷⁾.

07 “Ready 2 Discover” radio system. In addition to the functions of the “Composition” radio system, the system has a 25.4 cm (10 in) colour touch display and a smartphone integration function. The system also comes with the option of purchasing the navigation functions in the In-Car Shop and activating them at a later date.

“Discover Media” navigation system. The system with a 25.4 cm (10 in) colour touch display and six loudspeakers provides 2D/3D navigation, a varied selection of map options, free online map updates, We Connect⁶⁾ and We Connect Plus⁶⁾.⁷⁾.

08 “Discover Pro” navigation system. In addition to the functions of the “Discover Media” navigation system, the system comes with voice control, wireless⁸⁾ App-Connect, Streaming & Internet and WeConnect Plus⁶⁾.⁹⁾ for three years. We Connect Upgrades¹⁰⁾ can be purchased as required. The high-end system can also display the navigation map in the Digital Cockpit²⁾, and enables Dynamic Road Sign Display as standard.

1) Not available in conjunction with the roof blower and roof gallery. 2) Standard equipment in the new Caddy Style. Option at extra charge in the new Caddy Kombi, the new Caddy, and the new Caddy Life. 3) On 26 November 2015, the ergoComfort seat was awarded the AGR seal of approval by the Federal Association of German Back Schools and by the Forum Healthier Backs. 4) Not available in conjunction with the panoramic sunroof. 5) The Innovision Cockpit is a combination of the Digital Cockpit and a 10-inch Infotainment system. 6) To use We Connect services, you need to have a Volkswagen ID user account, and must log into We Connect with your username and password. In addition, a separate We Connect contract or We Connect Plus contract must be concluded online with Volkswagen AG. For We Connect Plus, you have 90 days from vehicle handover to register the vehicle at portal.volkswagen-we.com in order to use the services for the full duration of the agreed complementary period. Only available in conjunction with a compatible infotainment system. 7) At extra cost once the initial We Connect Plus service period expires. 8) Only in conjunction with a device from the “Discover Media” navigation system that is compatible with CarPlay. 9) At an extra charge if renewed from the fourth year onwards. 10) To use We Upgrade items you need a Volkswagen ID user account, a valid We Connect contract, and you must be an authorised primary user, meaning your user account is linked to the specific vehicle. The vehicle must also have the technical functions and hardware required for the relevant We Upgrade. The primary user can view the We Upgrade functions available for each vehicle in the online shop or In-Car Shop. Illustrations include option at extra charge. Please contact your local Volkswagen dealer for details of the standard equipment and optional extras available in your country.

Luggage compartment cover, folding ⁵⁾	•	•	•	•
Net partition, removable	•	•	•	•
Dirt protection package	•	•	•	•

01 Coat hook. The passenger compartment features two practical coat hooks for hanging up your clothing.

02 Folding tables.²⁾ Folding tables are built into the front seat backrests. They provide a practical surface and an integrated drink holder for passengers in the second row of seats.

Electric power closing. Electric power closing is available for the sliding doors and the boot lid. This function gently and quietly pulls the semi-closed doors the last few millimetres into the lock until they are engaged securely.

03 Rear wing doors with window. The roof-height wing doors are split 1/3 to 2/3, with a maximum opening angle of around 180°. When open, they can be locked individually if you need to transport longer items.

04 Luggage compartment cover, roll-up.⁴⁾ The roller blind stops people from being able to see into the luggage compartment and can also be removed as required.

Driver Alert System	•	•	•	•
Tyre Pressure Loss Indicator	•	•	•	•
Tyre Pressure Monitoring System, performs direct measurements NEW	•	•	•	•
Electronic parking brake with Auto Hold function	•	•	•	•

05 Loading sill protection. The robust plastic strip protects the painted bumper from scratches when loading and unloading. It is available in black and in stainless steel look.

07 Ramp for bicycles.⁶⁾ You can use the stable ramp to wheel heavy bicycles or electric bikes onto the bicycle carrier.

06 “Premium”⁶⁾ bicycle carrier for the tow bar. It is pushed onto the ball coupling from above and allows the theft-proof transport of two bicycles with a maximum weight of 60 kg. To open the boot lid, it is simply folded down using a foot lever.

07 Tow bar, detachable. The lockable tow bar can be removed easily when not in use. This makes it easier to manoeuvre, e.g. in small parking spaces. Like the rigid tow bar, it is designed for a maximum trailer weight of 1,500 kg (braked) and fitted with trailer stabilisation.

Extension set for a third bicycle.⁶⁾ The extension enables you to transport a third bicycle.

1) Standard equipment in all versions of the Maxi. 2) The folding tables may only be used when the vehicle is stationary. 3) Six fastening rings in all versions of the Maxi. 4) Only available for the short wheelbase version. 5) Standard equipment in all 7-seater versions of the Maxi. 6) Option at extra charge from Volkswagen Accessories. Will be introduced at a later date. 7) Within the system thresholds. 8) Only available in conjunction with the dual-clutch gearbox (DSG). 9) Only available in conjunction with a compatible infotainment system. 10) The driver must be prepared at all times to override the assist systems and is not released from their responsibility to drive with the utmost care. 11) Will be introduced at a later date. Illustrations include option at extra charge. Please contact your local Volkswagen dealer for details of the standard equipment and optional extras available in your country.

Comfort ventilation in the passenger compartment ³⁾ NEW	●	●	●	●

01 Front, side, curtain and interaction airbags. The new Caddy is equipped with one front airbag for the driver and one for the passenger. Interactive airbags prevent a collision between the driver and front passenger. And curtain airbags offer all passengers sitting on the outer seats protection in the event of a side-on collision.

02 "Climatronic" two-zone air conditioning system incl. AirCare. The fully automatic air conditioning system with allergen filter has several sensors and keeps the set temperature constant for the driver and front passenger.

03 Comfort ventilation in the passenger compartment. The blower integrated in the roof draws in warm or cool fresh air above the instrument panel and distributes it through five vents into the passenger compartment, where it reaches the third row of seats.

Keyless locking and starting system "Keyless Advanced".²⁾ Rummaging around for your car key is a thing of the past. The automatic locking and starting system means the vehicle key can remain in your pocket when you want to open the doors and start the vehicle.

extended warranty.

More information is available at vwn.de/anschlussgarantie

The vehicles shown in this catalogue may be equipped with options at extra charge. All of the information about equipment and technical data is based on the German market and reflects the information available at the time of printing. Your Volkswagen dealer will be happy to provide you with details on the products available in your country. Subject to change without notice. DSG® and 4MOTION® are registered trademarks of Volkswagen AG and other companies in the Volkswagen Group in Germany and in other countries. The fact that a trademark is not shown with an ® sign in this document cannot be interpreted to mean that this is not a registered trademark and/or that this mark can be used without prior approval in writing from Volkswagen AG. Volkswagen provides for the return and recycling of end-of-life vehicles. As such, all Volkswagen vehicles can be recycled and, subject to fulfilment of legal requirements, can be returned free of charge. Further information is available from your Volkswagen dealer, online at www.volkswagen.com or in Germany via the free-call phone number 0800 – Volkswagen (0800 – 86 55 79 24 36).

The use of We Connect mobile online services is possible using an integrated internet connection. Where network coverage is available, the data costs incurred in this context within Europe are borne by Volkswagen AG, with the exception of Streaming & Internet services. To use the Streaming & Internet services and the Wi-Fi hotspot, data bundles can be bought via an external mobile communications partner, Cubic Telecom, and used in many European countries which have network coverage. Information on prices and supported countries is available at vw.cubictelcom.com. Alternatively, it is possible to use internet radio and media streaming via a mobile device (e.g. a smartphone) that is enabled to function as a mobile Wi-Fi hotspot. In this case, the corresponding services are available only in conjunction with an existing or separately concluded mobile contract between you and your mobile provider, and only where coverage by the corresponding mobile network is available. Depending on your mobile phone tariff, receiving data from the internet may incur additional charges, particularly when using the phone abroad (e.g. roaming charges). To be able to use the free We Connect app, you need a smartphone with a suitable iOS or Android operating system and a SIM card with a data plan as part of an existing mobile phone contract between you and your mobile phone company, or with a contract concluded separately for this purpose. The availability of the individual We Connect and We Connect Plus services described in the packages may vary from country to country. The services are available during the agreed contractual period and may be subject to amendments or termination for the duration of the contract. Visit vwn.de/mod or contact your Volkswagen Commercial Vehicles dealer for more information. Please contact your network provider for information regarding your mobile phone tariff.
