

The California 6.1

Free at last. The California.

The original.

The California – on the market for more than 30 years and continuously improved. One of the most popular and successful camper van of its kind: Camper van of the year 2020.¹⁾

Distinctive exterior design.

Completely redesigned front-end, new alloy wheels²⁾, modified colour range as well as LED headlights³⁾ and LED tail lights³⁾ with a striking light signature.

Versatile.

Everyday car, leisure bus and camper van in one. Thanks to compact external dimensions and a vehicle height of 1,990 mm⁴⁾ suitable for cities and many multi-storey car parks. Four to seven⁵⁾ seats.

Excellent off-road capability.

4MOTION all-wheel drive²⁾,⁶⁾ dual clutch gearbox DSG²⁾,⁶⁾, Hill Descent Assist²⁾,⁷⁾, Hill Start Assist and mechanical differential lock²⁾,⁷⁾.

Modern driver assistance systems.

Now also with Dynamic Road Sign Display²⁾,⁸⁾, side protection²⁾,⁸⁾, Cross Wind Assist⁸⁾, lane departure warning²⁾,⁸⁾,⁹⁾, parking steering assistance²⁾,⁸⁾, Rear Traffic Alert²⁾,⁸⁾ and Trailer Assist²⁾,⁸⁾.

Integrated accessories.

Camping table, camping chairs and blackout blinds are integrated into the interior trim to save space and can be used in just a few seconds.

Proven quality.

Ultra-robust bodywork, durable materials and high-quality workmanship.

California Beach Camper and California Beach Tour.

Available for the first time in two versions to meet customer wishes even better: as a California Beach Camper with camper van registration, mini kitchen and four or five²⁾ seats or as a California Beach Tour particularly suitable for everyday use with car registration, two sliding doors¹⁰⁾ and four to seven²⁾ seats.

New interior design.

Redesigned dash panel with trim panels painted in black¹⁾ and elegant decorative trims¹⁾, new durable seat covers, revised built-in cupboards²⁾ with new décors²⁾ and LED interior lighting as standard.

High level of comfort.

Ergonomic seats with dimensionally stable premium padding, excellent noise and heat insulation, improved sleeping comfort thanks to a dished spring system in the loft bed, bed extension with lounge function²⁾ and comfort sleep mattress³⁾.

High degree of customisation.

With functional kitchenette²⁾, fold-out mini kitchen⁴⁾ or without kitchen⁵⁾; with four to seven⁶⁾ seats; with one or two⁵⁾ sliding doors.

Excellent connectivity.

High-resolution colour Digital Cockpit³⁾, new radio and navigation systems with up to 23.4 cm (9.2 inch) touchscreens³⁾, We Connect mobile online services⁷⁾ and new camper control unit – a digital central unit for controlling camper functions.

Vehicle interior with maximum flexibility.

Swivel seats and bench seats in the living area can be easily folded, steplessly rolled and securely fixed at any point of the rail system. More space in the luggage compartment of the California Beach Camper and the California Beach Tour thanks to a new folding and stowable bed extension.

1) As standard in the California Coast and the California Ocean. Option at extra charge in the California Beach. 2) As standard in the California Coast and the California Ocean. 3) Option at extra charge. 4) As standard in the California Beach Camper. Option at extra charge in the California Beach Tour. 5) As standard in the California Beach Tour. 6) Option at extra charge in the California Beach Tour. 7) To use We Connect services, you need to have a Volkswagen ID user account, and must log into We Connect with your username and password. In addition, a separate We Connect contract or We Connect Plus contract must be concluded online with Volkswagen AG. For We Connect Plus, you have 90 days from the handover of the vehicle to register the vehicle at portal.volkswagen-we.com, and use the services for the full duration of the agreed free period. The fun begins. **Driving** in the California Beach.

As soon as the wind pick up, it's time again. The kite season begins. And with it the run to the best stomping grounds. Professionals like Alina Kornelli and Florian Gruber bring their own surf camp with them with the California Beach. This means they always have all their equipment with them and can spend the night directly at the sea. No matter whether they are on the road in the California Beach Camper with mini kitchen or in the California Beach Tour with up to seven¹⁾ seats and two sliding doors.

1) Option at extra charge in the California Beach Tour. Illustration shows California Beach Camper with option at extra charge. Please contact your local Volkswagen dealer for details of the standard equipment and optional extras available in your country.

Practice makes perfect. That is why Alina Kornelli and Florian Gruber are on the road in their California Beach Camper as often as possible. High driving comfort and a wide range of equipment options even make long journeys a pleasure. In addition to many practical storage options, the ergonomically shaped dash panel offers sufficient space for innovative technologies – for example, the integrated Discover Pro navigation system¹⁾ with a 23.4 cm (9.2 inch) touch display and the new Digital Cockpit¹⁾. Both systems can be conveniently controlled while driving using the leather-covered multifunction steering wheel²⁾ and lead the athletes directly to the trendy kite spot. Once there, they turn the California Beach Camper into casual beach lodgings with its own mini kitchen in just a few minutes. This way they can relax and recover as they wish.

The navigation map is right in front of your eyes, centrally located in the Digital Cockpit¹⁾.

The living area is quickly turned into a changing room.

Alina Kornelli, German Slalom Champion 2019, and Florian Gruber, multiple German Racing Champion.

¹⁾ Option at extra charge. ²⁾ As standard in the California Coast and the California Ocean. Option at extra charge in the California Beach. - Four to five²⁾ seats
- 2-seater bench seat with foldable and stowable bed extension **NEW**
- 3-seater bench seat¹⁾ with three drawers, reclining function and multiflex board^{1), 3)} with padding
- Sliding door, right side
- Camper control unit with touchscreen **NEW**
- Comfortable dished springs in loft bed (1,200 mm x 2,000 mm) **NEW**
- Electrohydraulic elevating roof with front opening¹⁾ **NEW**

California Beach Camper with camper van registration, mini kitchen four seats, stowage areas and folding bed extension.

Also available: California Beach Tour

- Compact all-rounder for everyday and leisure use
- Passenger car registration
- Four to seven⁴⁾ seats
- 2-seater bench seat with foldable and stowable bed extension **NEW**
- 3-seater bench seat¹⁾ with three drawers, reclining function and multiflex board^{1), 3)} with padding
- Up to two additional individual seats⁴⁾
- Two sliding doors **NEW**
- Camper control unit with touchscreen **NEW**
- Comfortable dished springs in loft bed (1,200 mm x 2,000 mm) **NEW**
- Electrohydraulic elevating roof with front opening¹⁾ **NEW**

California Beach Tour with passenger car registration, two sliding doors, seven seats⁴⁾ and multiflex board^{1), 3)}.

1) Option at extra charge in the California Beach. 2) Optional equipment depending on the selected configuration with five seats, partly at an extra charge. 3) If the multiflex board is ordered, the luggage compartment cover is omitted. 4) Option at extra charge in the California Beach Tour. Illustrations show the California Beach Camper with option at extra charge. Please contact your local Volkswagen Dealer for details of the standard equipment and optional extras available in your country.

The journey is its own reward. Whatever it is.
The 4MOTION all-wheel drive.

4MOTION all-wheel drive.^{1), 2)} The all-wheel drive automatically adapts the power transmission to the respective driving situation via an electronically controlled multi-plate clutch on the rear axle. The low system weight provides optimum vehicle handling and increased driving dynamics.

Engine underbody guard.¹⁾ Robust metal plates for the underbody provide optimum protection for off-road travel. For the California, both engine gearbox underbody protection made of aluminium sheet and additional underbody protection for the rear axle differential as well as two side skirts can be ordered.

Mechanical differential lock.^{1), 3)} As additional support to the 4MOTION all-wheel drive^{1), 2)}, a mechanical differential lock is available for the rear axle. This makes it easier to pull away in difficult off-road conditions and makes the California one of the most capable all-terrain vehicles in its class.

To the furthest corners. Compact enough for new discoveries.

The California has been one of the best thought-out camper vans for decades. Yet not only on holiday, you can also use it in everyday life without restrictions. Thanks to its compact dimensions and a vehicle height of 1,990 mm¹⁾, it even fits into most parking garages. The California can overcome narrow passages, winding alleys and urban cobblestones just

as easily as long stretches on the motorway. It is always distinguished by its excellent car-like handling, the high seating position and the variable passenger compartment with up to seven²⁾ seats. It is precisely this versatility that has made it what it is today – an all-rounder that is immensely popular.

1) Please note that these are approximate values and dimensions may vary due to manufacturing tolerances. 2) Option at extra charge in the California Beach Tour. 3) Option at extra charge. 4) Not available for all engines. Illustration shows California Beach Camper with option at extra charge. Please contact your local Volkswagen dealer for details of the standard equipment and optional extras available in your country.

Running gear and gearbox.

Dual clutch gearbox DSG.^{3), 4)} Both of the more powerful TDI engines can be combined with an adaptive 7-speed dual clutch gearbox. This enables a fully automatic, smooth gear change without interruption of tractive power and adapts to the driver's driving style.

Adaptive chassis control DCC.³⁾ The following driver profiles are available "normal", "comfortable", "eco" and "sporty". The selection is made via a button and can also be made while the vehicle is in motion. In addition, you can also create your own driving profile.

Parking steering assistance
"Park Assist"^{1), 2)} **NEW**

Provides help with parallel and perpendicular parking by automatically carrying out the optimum steering movements.

Trailer manoeuvring system
"Trailer Assist"^{1), 2)} **NEW**

Simplifies the control of a trailer combination for manoeuvring in bay parking spaces and for precise reverse driving.

Side protection.^{1), 2)} **NEW**

Monitors the sides of the vehicle during the journey and indicates critical approaches to pillars or walls on the display of the Infotainment systems.

Tyre Pressure Monitoring System.^{1), 2)} **NEW**

Informs the driver about the current tyre pressure before and during the journey and issues a warning in the event of pressure loss. There are sensors in each wheel that provide information about the tyre pressure by radio.

Dynamic Road Sign Display.^{1), 2)} **NEW**

Detects speed limits and signs indicating no-overtaking zones and time- and weather-related restrictions by means of a special camera and informs the driver via the multifunction display.

Cross Wind Assist.¹⁾ **NEW**

Stabilises the vehicle in strong gusty cross winds through automatic braking interventions.

Lane Assist
"Lane Assist"^{1), 2), 3)} **NEW**

Detects your own lane via a multifunction camera and corrects steering if you are close to crossing the lane boundary lines.

Rear Traffic Alert.^{1), 2)} **NEW**

Provides help with reversing out of a parking space. If the driver does not respond to the acoustic warning when a vehicle approaches a critical distance, a brake is applied.

Adaptive Cruise Control ACC incl. "Front Assist" area monitoring system with City Emergency Braking System.^{1), 2)}

Adjusts the speed of your vehicle to the speed of the vehicle ahead through active intervention, maintaining the distance specified by the driver.

Hill Descent Assist.^{1), 2), 4)}

Enables controlled and comfortable hill descent by reducing the engine speed and, if necessary, braking.

Off on holiday in a relaxed manner.
Ten driver assistance systems that you just have to have.

1) Within the system thresholds. 2) Option at extra charge. 3) The driver must be prepared at all times to override the assist systems. They are not released from their responsibility to drive with the utmost care. 4) Only in conjunction with the 4MOTION all-wheel drive. Please contact your local Volkswagen dealer for details of the standard equipment and optional extras available in your country.

Everything tastes best when on the road.
Cooking in the California Coast.

Nature calls. And more and more people are seeking her. Road trips on romantic wild cliffs, hidden mountain lakes or centuries-old cultural landscapes are in fashion. If you are looking for an even more authentic experience, you can source regional products for your meals and prepare them yourself. Best of all in the California, for example in the California Coast.

The washing-up bowl can be removed and used outside.

One thing is for sure: a holiday in the great outdoors makes you hungry. That is why the California Coast is equipped with a fully functional kitchen where you can prepare something fresh at any time. However, self-sufficient people will find many other features that make life in the wilderness easier. For example, a 25 l fresh water tank, a 42 l compressor cooler box or two maintenance-free additional batteries. Many things can also simply be done outside. This is possible with the sturdy aluminium camping set, the removable washing-up bowl and the outside shower*. So nothing stands in the way of a meal in the open air.

When cooking, the flexible worktop can simply be pushed back and fixed to the bench seat. The standing height in the kitchen is up to 2,300 mm when the loft bed is folded up¹⁾.

The sturdy safety glass cover can be used as a worktop.

The two camping chairs and the camping table can be set up quickly.

Highlights of the California Coast

- Comfortable camper van with extensive equipment
- Leather-covered multifunction steering wheel and "Plus" multifunction display
- Camper control unit with touchscreen **NEW**
- Fully functional kitchen with gas stove, sink and 42 l compressor cooler box
- Revised cabinet design in wood look in Bright Oak **NEW**
- With 2-seater bench and additional individual seat²⁾
- Bottom lying surface with lounge function (1,140 mm x 1,950 mm) **NEW**
- Comfortable dished springs in loft bed (1,200 mm x 2,000 mm) **NEW**
- Electrohydraulic elevating roof with front opening²⁾
- Two additional batteries (150 Ah)
- Camping chairs and camping table can be stowed away to save space

California Coast with mini kitchen, built-in cupboards in a light colour, four seats and bed extension with lounge function.

The kitchen looks great too.

The new kitchen design in the California Coast/Ocean.

In the California Coast and the California Ocean you can expect a fully functional kitchenette in a new design. An extremely lightweight, yet highly stable aluminium composite forms the basis. The surface décors in the California Coast have a light wood look and in the California Ocean an elegant slate look. The basic equipment includes a 42 l compressor cooler box, a large base cabinet, a flexible worktop and three stowage compartments in addition to the stainless steel sink/stove kitchen unit. So nothing stands in the way of a 3-course menu.

Stowage compartments. A movable blackout module with three stowage compartments is integrated into the narrow window above the compressor cooler box. They are ideal for storing herbs and spices. If the stowage compartments are pushed to the rear, the window provides a view to outside.

Kitchen base cabinet. It is accessible via two sliding doors and can also be opened when the lying surface is set up. It contains an extendable cutlery tray and the frost-protected 30 l waste water tank in the rear area.

Sink/stove kitchen unit. Below the two-part safety glass cover, there is a 2-burner gas cooker (max. 1,800 W) with convenient piezo ignition on the left and a stainless steel sink with a removable washing-up bowl on the right.

Flexible worktop. It can be moved in a rail and can either be set up using a fold-out leg, fixed to the headrest of the rear bench seat with the rubber strap supplied, or simply folded away.

42 l compressor cooler box. The 42 l chest with clip-on basket, which is easily accessible from above, is cooled by the integrated compressor. Thanks to good insulation and an additional battery, the drinks remain refreshingly cool even during the journey.

Rear cupboard. This is where all the important components for electricity, water and gas supply are located: the residual current circuit breaker, the fresh water tank with recess in which a 2.8 kg Campingaz natural gas fuel tank* fits, and the fresh water drain lever.

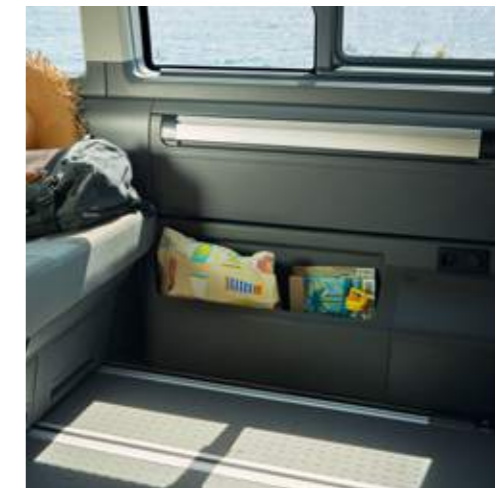

mini kitchen* with hinged folding table. Stowed safely in the sliding door during the journey, the versatile folding table can be hooked into the guide rail of the folded-out mini kitchen* and placed on two legs if required.

Quick food in the evening. The new mini kitchen in the California Beach.

Scrambled eggs in the morning, a small pasta dish as a snack or a warm soup before going to bed: With the standard, fold-out mini kitchen*, you can now also conveniently prepare simple dishes in the California Beach Camper. During the journey, the worktop with a 1-burner gas cooker is safely incorporated in the side trim. When you arrive at your holiday destination, you can quickly pull the hob out of the trim panel and put it into operation. After use, the mini kitchen is just as easy to clean and fold away so that you can stretch out at night as usual. By the way: The fold-out mini kitchen* is also available on request for the California Beach Tour.

Fold-out mini kitchen.* If the robust aluminium structure with stainless steel worktop is pushed into the side trim, the entire width of the California Beach can be used as a lying surface.

Gas compartment.* Under the hermetically sealed cover, an optional 1.8 kg Campingaz gas cylinder can be securely attached to straps and connected to the gas hose.

Stowage area.* The mini kitchen* also includes a large storage tray with a high edge. Cookware, oven gloves and can openers are always ready to hand.

A couple is sitting on a bed inside a van, looking at a map. The van is parked on a grassy hillside with a mountain range in the background. The man is wearing a blue shirt and the woman is wearing a yellow shirt. The van's interior is visible, showing a white bed and a yellow pillow. The background shows a mountain range with a valley and trees.

Open the flap and enjoy.
Living and sleeping in the
California Ocean.

There are not generally hotels at the most beautiful places in the world. Unless you bring your own. Safely parked, the California Ocean not only offers a fantastic view against a breathtaking backdrop, but also – on cloudless nights – an unforgettable view of millions of stars.

Things are best in your own home. Especially if you can take your home with you to the most remote destinations. The California Ocean gives families this boundless freedom. In the morning the children wake up in their own loft bed with a clear view to the horizon. In the afternoon, parents can relax in the lounge area of their living room. And in the evening, everyone can end the day together in the private kitchen with pleasantly dimmed LED background lighting before setting off for the next location the next morning. This way the family can experience new things every day. And yet can always feel at home.

The panorama window in the elevating roof opens with a zip.

The bed extension with lounge function makes the lying surface your favourite place.

The dimmable LED background lighting bathes the interior in warm, atmospheric light.

The Camper control unit can also be operated from the loft bed.

The auxiliary heater can be set to continuous operation for the night on the new Camper control unit.

Thanks to dished springs, lying in a loft bed is now even more comfortable.

Highlights of the California Ocean

- Elegant camper van with high-quality equipment
- Six chrome strips on the front-end
- Fog lights incl. cornering light, LED headlights and LED tail light clusters
- Leather-covered multifunction steering wheel and Digital Cockpit^{1), 2)} **NEW**
- Climatronic air conditioning system, auxiliary air heater and double glazing in the living area
- Camper control unit with touchscreen **NEW**
- Fully functional kitchen with gas stove, sink and 42 l compressor cooler box
- Revised cupboard design in slate look in Graphite Grey **NEW**
- With 2-seater bench seat and additional individual seat²⁾
- Ambiente lighting concept and LED cupboard lighting
- Bottom lying surface with lounge function (1,140 mm x 1,950 mm) **NEW**
- Comfortable dished springs in loft bed (1,200 mm x 2,000 mm) **NEW**
- Electrohydraulic elevating roof with front opening
- Camping chairs and camping table can be stowed away to save space

California Ocean with kitchenette, dark built-in cupboards, four seats and bed extension with lounge function.

1) The presentation of the navigation chart on the display of the Digital Cockpit is only possible in connection with the navigation system "Discover Pro". 2) Option at extra charge. Illustrations include options at extra charge. Please contact your local Volkswagen dealer for details of the standard equipment and optional extras available in your country.

Cosier than ever.

The new living and sleeping comfort in the California Coast/Ocean.

You can spend the most beautiful days of the year in the California – and the nights too. Therefore, new dish springs on the first floor under the mattress ensure an even more pleasant sleep. In the lower area, the double bed features a lounge function for the first time. The headrest can be raised in several steps and fixed in the position you like best.

Roof storage compartment. A fold-down storage compartment is fitted above the backrest of the bench seat. It has a capacity of approx. 45 l and can also be opened while sitting or lying down.

Drawer under the 2-seater bench seat. All kinds of small and medium-sized travel items such as pillows and blankets can be stowed away in the approx. 60 l drawer.

Wardrobe. In the rear section there is a two-part built-in wardrobe with mirror, clothes rail and lockable safe. Its redesigned doors are easy to open and close.

Dished springs. The flexible dished springs adapt precisely to the sleeping person and improve lying comfort on the 1,200 mm x 2,000 mm loft bed.

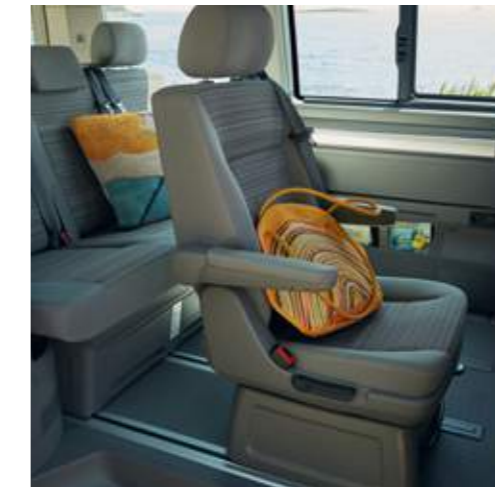

Shades in the cockpit. The front windscreen can be blacked out by two roller blinds and the side windows by magnetic curtains.

Shades in the living room. The integrated roller blinds can be pulled down in guide rails and ensure that the windows are screened on all sides. Their reflective aluminium coating on the outside provides additional protection against heat.

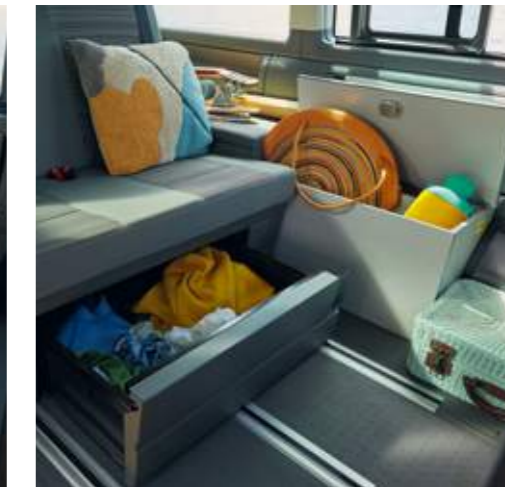

Your house by the sea.
**The new living and sleeping comfort
 in the California Beach.**

Being woken up by the waves, early in the morning on the beach – the probability of this happening is greatest in the California Beach. Its entire interior is designed to spontaneously go on journeys and crank out its awning¹⁾ where you like it best. It makes no difference whether you opt for the standard 4-seater or for the optional 5-, 6- or 7-seaters: All variants are equipped with the new folding bed extension or a multiflex board^{1), 2)}, blackout roller blinds in the living area and fabric shades in the cockpit.

6- or 7-seater³⁾ with fold-out mini kitchen⁴⁾. With this equipment variant for the California Beach Tour, you have two vehicles in one: a van with six³⁾ or seven³⁾ seats for everyday use and a camper van with up to four sleeping spaces for your leisure time.

2-seater bench seat with side stowage area. This equipment variant is recommended for couples or small families who only need a few seats but more stowage space. It can be combined with the fold-out mini kitchen⁴⁾.

Manual elevating roof. It can be easily unlocked at the access opening and pushed upwards. On request, the California Beach is also available for the first time with an electrohydraulic elevating roof including a front opening⁴⁾.

1) Option at extra charge. 2) If the multiflex board is ordered, the luggage compartment cover is omitted. 3) Option at extra charge in the California Beach Tour. 4) As standard in the California Beach Camper. Option at extra charge in the California Beach Tour. Illustrations include options at extra charge. Please contact your local Volkswagen dealer for details of the standard equipment and optional extras available in your country.

The destination in sight.
A journey into the digital world.

Cars are getting smarter. The California is already equipped with many digital technologies that make driving and camping more comfortable. For example, the high-resolution Digital Cockpit¹⁾ with navigation map. Or the new Camper control unit, which controls all the important camper functions. Or Volkswagen We Connect²⁾: multiple services that turn your smartphone into a remote control for the car. And this is just the beginning.

1) Option at extra charge. 2) To use We Connect services, you need to have a Volkswagen ID user account, and must log into We Connect with your username and password. In addition, a separate We Connect contract or We Connect Plus contract must be concluded online with Volkswagen AG. For We Connect Plus, you have 90 days from the handover of the vehicle to register the vehicle at portal.volkswagen-we.com, and use the services for the full duration of the agreed free period. Illustration includes options at extra charge. Please contact your local Volkswagen dealer for details of the standard equipment and optional extras available in your country.

Second navigation map in high-resolution 3D display¹⁾

Digital Cockpit

You can now experience digital progress up close in the California. State-of-the-art infotainment systems with large storage capacity and the Digital Cockpit²⁾ offer many new functions. The latter immediately impresses with its 26 cm (10.25 inch) display, its intense colours as well as its bright and extremely high-contrast image. The Digital Cockpit is operated²⁾ via the touch display of the infotainment system and via the leather-covered multifunction steering wheel³⁾. Use the buttons to conveniently scroll through the playlist of your holiday soundtrack or set the safety distance of the Adaptive Cruise Control ACC^{2), 4)} in accordance with the statutory framework. Even more possibilities arise when the Digital Cockpit²⁾ is combined with the 23.4 cm (9.2 inch) Discover Pro navigation device²⁾. A large second navigation map can then be positioned on the Digital Cockpit²⁾.

1) Only available in conjunction with the Discover Pro navigation system. 2) Option at extra charge. 3) As standard in the California Coast and the California Ocean. Option at extra charge in the California Beach. 4) Within the system thresholds. Illustrations include options at extra charge. Please contact your local Volkswagen dealer for details of the standard equipment and optional extras available in your country.

We Connect Plus^{2), 3)}: Online Auxiliary Heater

1) As standard in the California Ocean. Optional equipment in the California Beach and the California Coast. 2) To use We Connect, you need a Volkswagen ID user account and must log in to We Connect with your user name and password. You also need to conclude a separate We Connect contract or We Connect Plus contract online with Volkswagen AG. For We Connect Plus, you have 90 days after vehicle handover to register the vehicle at portal.volkswagen-we.com to be able to use the services for the full period of validity free of charge. Only available in conjunction with a compatible Infotainment system. 3) With active renewal after expiration of the We Connect Plus services against extra charge. 4) The service is compatible with the most auxiliary coolant heaters. It is not compatible with vehicles which feature an auxiliary air heater. This means the Online Auxiliary Heater is not available for the California Coast and Ocean. 5) The services are only available with an existing or separately concluded mobile phone contract and only within the coverage of the respective mobile phone network. 6) Option at extra charge. 7) Only in conjunction with an Apple CarPlay-capable device from the Discover Media infotainment system. 8) Only available in conjunction with the Streaming & Internet package. The scope of services of We Connect and We Connect Plus may vary and can be used at a later date. Illustrations include options at extra charge. Please contact your local Volkswagen dealer for details of the standard equipment and optional extras available in your country.

We Connect²⁾ and We Connect Plus^{2), 3)}

With the Camper control unit, you now have a digital central unit at your disposal that allows you to conveniently control numerous functions of the California. The menu items are selected intuitively via the touchscreen. The installed electrical consumers can then be put into operation via the rotary knob. You can even start some on-board systems – for example the auxiliary heater⁴⁾ – from your smartphone. Simply download the We Connect app to your mobile phone, subscribe to We Connect Plus^{2), 3)} and connect to your vehicle. The California is online thanks to the integrated SIM card⁵⁾. We Connect Plus^{2), 3)} of course includes many other services that make your holiday more relaxing and beautiful, for example an Online Anti-Theft Alarm that gives you a safer feeling when in a foreign country, or Online Traffic Information that always keep the navigation system up to date. However, the free We Connect²⁾ also already offers you numerous useful tools, for example a Breakdown Call and a parking position finder. Register now with We Connect²⁾ and take advantage of the full range of our services.

A question of type. The equipment lines compared.

For the discerning. **California Ocean.**

In the California Ocean you can expect the best a camper van can offer: maximum relaxation. Dark slate design in the living room, atmospheric background lighting and an electro-hydraulic elevating roof with balcony opening make every journey a dream holiday. LED head lights and LED tail lights also enhance the exterior design.

For globetrotters. **California Coast.**

The California Coast is the ideal base camp for everyone who is drawn to the great outdoors. Robust and hard-wearing on the outside, it offers everything on the inside for you to be as self-sufficient as possible – including a fully functional kitchen, a large fresh water tank and plenty of stowage space.

For camping beginners. **California Beach Camper.**

No matter whether you want to hike in the mountains or surf in the sea: The California Beach Camper is an all-rounder that brings everything you need on holiday. The standard mini kitchen¹⁾, the stowage area and four or optionally five seats underline the exceptional camper qualities and allow for it to be registered as a camper van for the first time.

For everyday users. **California Beach Tour.**

If you mainly want to use the California at home, the best option is the California Beach Tour. It is registered as a passenger car, has two sliding doors as standard equipment for the first time and can be equipped with up to seven²⁾ seats. Also available: a fold-out mini kitchen³⁾ and an electro-hydraulic elevating roof²⁾. Every spontaneous excursion becomes a little holiday.

01 Chrome trims. A total of six chrome trims set brilliant accents on the radiator grille of the California Ocean.

01 LED head lights. Gives the vehicle an attractive signature with a large headlight and high light volume at the same time.

02 Electrically adjustable, heated, folding door mirrors. Automatically folded to the vehicle when the vehicle is locked by means of remote control.

03 Bulli badge. The signet in chrome finish sits next to the turn signal repeater.

04 Electric 12-way seat adjustment. The lumbar support, backrest angle, seat height, seat cushion angle and longitudinal adjustment can all be individually adjusted and stored.

05 “Composition Colour” radio system.¹⁾ The system with a 16.5 cm (6.5 inch) colour touch display, 4x 20 watt power and four²⁾ or six³⁾ loudspeakers has an SD card slot, two external USB and Bluetooth interfaces and supports We Connect⁴⁾ basic services and selected services from We Connect Plus^{4), 5)}.

06 “Discover Media” navigation system.¹⁾ The system with a 20.3 cm (8-inch) colour touch display incl. proximity sensors, 4x 20 watt output and six loudspeakers for hybrid navigation, a selection of map options, free online map updates, 32 GB of media storage, two external USB ports and one Bluetooth interface, hybrid voice control and Internet radio. The system supports wireless App-Connect⁶⁾, We Connect⁴⁾ and We Connect Plus^{4), 5)}.

07 Discover Pro navigation system.⁷⁾ In addition to the functions of the “Discover Media” navigation system, the system offers a 23.4 cm (9.2 inch) colour touch display including proximity sensors, simultaneous display of the navigation map on the Digital Cockpit⁸⁾ and on the navigation system screen, 64 GB of media memory and DAB+.

“Premium” multifunction display. Displays important driving and vehicle information in 3D and in colour.

Voice control. Use your voice to control a range of telephone, navigation and audio functions.

Comfort mobile telephone interface including inductive charging function. Improves reception and wirelessly charges the battery of compatible smartphones.

1) Also available with DAB+ and comfort telephony upon request. 2) As standard in the California Beach. 3) As standard in the California Coast and the California Ocean. 4) To use We Connect services, you need to have a Volkswagen ID user account, and must log into We Connect with your username and password. In addition, a separate We Connect contract or We Connect Plus contract must be concluded online with Volkswagen AG. For We Connect Plus, you have 90 days from the handover of the vehicle to register the vehicle at portal.volkswagen-we.com, and use the services for the full duration of the agreed free period. 5) At an extra charge in the event of renewal from the second year onwards. 6) Only in conjunction with an Apple CarPlay-capable device from the Discover Media navigation system. 7) Also available with comfort telephony upon request. 8) Option at extra charge. Illustrations 02 and 03 show the Multivan. Please contact your local Volkswagen dealer for details of the standard equipment and optional extras available in your country.

12 V socket	●	●	—	—
USB C double charging socket	—	—	●	●

01 Front opening in the electrohydraulic elevating roof. The entire bow window can simply be folded down inwards in order to be as close to nature as possible.

02 Ambiente lighting concept. The dimmable LED light strip on the kitchenette provides atmospheric indirect light in the living room.

Top lying surface with mattress and dished springs. The flexible dished springs adapt precisely to the sleeping person and improve lying comfort on the 1,200 mm x 2,000 mm bed.

03 Bed extension with lounge function. The head section of the lower lying surface can be raised step by step and locked securely. When completely folded up, there is ample stowage space.

04 230 V socket and USB C double charging socket. One 230 V and two USB sockets are easily accessible at the front of the kitchen cupboard. The latter are powered by the additional battery and can also be used while driving.

Magnetic torch. It sticks to metallic surfaces and has two lighting levels.

Sliding window, right-hand side	●	●	●	●
Fly screen for sliding window on right side	●	●	●	●
Heat-insulating windows in the living area	●	●	●	●

05 Bicycle carrier for the tailgate.³⁾ It offers space for four bicycles and may be loaded with a maximum weight of 60 kg. The lightweight, anodised aluminium carrier is also suitable for the electric tailgate.

06 Outside shower including connection. The approx. 2 m long hose can be easily connected to the integrated water tank via a click mechanism. The shower is then activated via a switch. When not in use, the hose and hand shower can be stored in the rear cupboard.

07 Premium bicycle carrier for the tow bar. It is pushed onto the ball coupling from above and allows

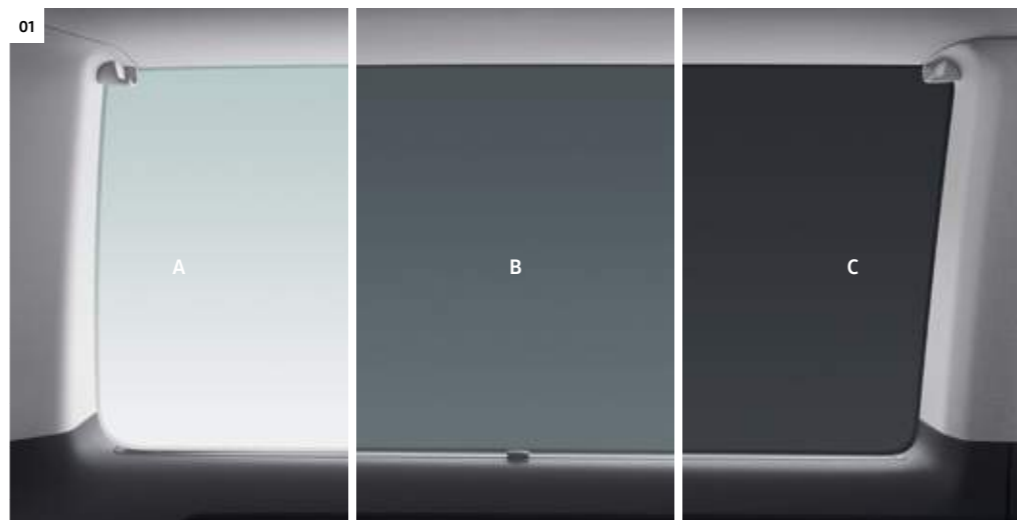

the theft-proof transport of two bicycles with a maximum weight of 60 kg. To open the tailgate, it is simply folded down using a foot lever. When not in use, the bicycle carrier can be easily folded.

08 Multiflex board.¹⁾ This stable board with padding divides the luggage compartment, creates an additional shelf and increases the lying surface to 1,500 mm x 1,830 mm when the 3-seater bench seat is folded down.

1) If the multiflex board is ordered, the luggage compartment cover is omitted. 2) The maximum trailer weight varies depending on the engine. 3) Only available for vehicles with camper van registration. Illustration 05 shows Multivan. Please contact your local Volkswagen dealer for details of the standard equipment and optional extras available in your country.

01 Double glazing in the living area (A). Insulates the interior noticeably. **Privacy glass (B).** The dark windows in the passenger compartment offer a high degree of discretion. **Black solar protection film (C).** In conjunction with the privacy glass, it creates almost opaque glazing.

02 Awning. The sturdy aluminium structure with hard-wearing awning fabric creates a small sun-protected area directly in front of the sliding door. The permanently mounted awning housing is available in Black or Silver, the crank is stored in the tailgate to save space.

Shades in the cockpit. In the California Coast and the California Ocean, the front windscreen can be blacked out by two roller blinds and the side windows by magnetic curtains. In the California Beach, fabric shades assume this function.

Shades in the living area. Roller blinds that can be pulled out from the roof frame trim fit flush with the window pillars to ensure that the windows are completely screened.

Dimensions in mm⁷⁾

03 eCall. After an accident, automatically transmits the time, position and number of vehicle occupants to the emergency call centre and establishes a voice connection. The system is activated by a crash sensor or manually via the emergency call button.

Sill strips, left and right-hand sides. Prevent possible damage to the vehicle frame.

Underbody protection for engine and gearbox. Robust metal plates protect the underbody when driving on unpaved roads.

04 Central locking with two remote controls and internal actuation. Depending on the vehicle equipment, the electric tailgate and the two⁶⁾ electric sliding doors can also be opened and closed independently of each other using separate buttons. The remote controls can be programmed via the optionally available multifunction display.

ISOFIX and top tether. Enable quick and secure attachment of standardised child seat systems.

Dimensions in mm⁷⁾

1) Within the system thresholds. 2) The driver must be prepared at all times to override the assist systems. They are not released from their responsibility to drive with the utmost care. 3) Only in conjunction with the 4MOTION all-wheel drive. 4) Depending on the engine/gearbox combination. 5) Not available for all engines. 6) Option at extra charge in the California Beach Tour. 7) Please note that these are approximate values and dimensions may vary due to manufacturing tolerances. Illustrations 01 and 03 show Multivan. Please contact your local Volkswagen dealer for details of the standard equipment and optional extras available in your country.

California 6.1

EDITION

Wherever the journey takes you, in the California EDITION things will always be sporty and dynamic. Carefully selected paintwork contrasts with Black high-gloss finishes and new EDITION decorative films¹⁾ with red accent line. Exclusive Aracaju 17-inch alloy wheels in Black, burnished finish, privacy glass in the living area and tinted LED tail lights also underline the striking appearance. The vehicle interior also features a sporty vein in the form of decorative trims in Dark Silver Brushed. The California EDITION is available in all three equipment lines – as the entry-level model California Beach EDITION, as the California Coast EDITION with light built-in cupboards in wood look effect and as the California Ocean EDITION with high-quality interior in slate look effect.

Subject to change without notice

volkswagen-commercial-vehicles.com

More information is available at www.de/anschlussgarantie

The consumption and emission figures listed have been determined in accordance with the measuring method prescribed by law. Since 1st September 2017, said new vehicles have already been tested in accordance with the Worldwide Harmonized Light Vehicles Test Procedure (WLTP). This is a more realistic test procedure for measuring fuel consumption and CO₂ emissions. As of 1st September 2018, the WLTP will successively replace the New European Driving Cycle (NEDC). Due to the more realistic testing conditions, the fuel consumption and CO₂ initial values measured using the WLTP test procedure are frequently higher than those measured using NEDC. Further information about the differences between WLTP and NEDC is available at volkswagen-nutzfahrzeuge.de/de/unternehmen/wltp-nefz.html.

Currently, specification of the NEDC values is still mandatory. In the case of new vehicles with type approval as per WLTP, the NEDC values are derived from the WLTP values. The additional specification of the WLTP values is voluntary until their use becomes mandatory. If the NEC values are specified as ranges, they do not refer to a particular, individual vehicle and do not constitute part of the offer. They are purely for comparison purposes between the various types of vehicle. Additional equipment and accessories (attachments, tyre size, etc.) may change relevant vehicle parameters such as weight, rolling resistance and aerodynamics, thus affecting fuel consumption, electricity consumption, CO₂ emissions and driving performance values beyond the effects of weather, traffic conditions and personal driving style.

Further information regarding official fuel consumption and the official, specific CO₂ emissions for new passenger vehicles can be found in the "Guidelines on fuel consumption, CO₂ emissions and electricity consumption of new cars" which is available free of charge from all points of sale and DAT Deutsche Automobil Treuhand GmbH, Hellmuth-Hirth-Str. 1, 73760 Ostfildern-Scharnhausen, Germany or at www.dat.de.

Efficiency classes evaluate vehicles on the basis of CO₂ emissions, taking into account the vehicle's kerb weight. Vehicles corresponding with the average are given a D rating. A+, A, B or C ratings are given to vehicles which are better than the present-day average. and E, F or G to those below that average.

Your Volkswagen dealer

The vehicles shown in this catalogue may be equipped with optional extra at additional cost. All of the information regarding equipment and technical data is based on the characteristics of the German market and corresponds to the knowledge available at the time of printing. Your local Volkswagen dealer will be happy to provide you with details on the products available in your country. Subject to change without notice. DSG® and 4MOTION® are registered marks of Volkswagen AG and other companies in the Volkswagen Group in Germany and in other countries. The fact that a mark is not shown with an ® sign in this document cannot be interpreted as meaning that this mark is not a registered mark and/or that this mark can be used without prior approval in writing from Volkswagen AG. Volkswagen provides for the return and recycling of end-of-life vehicles. As such, all Volkswagen vehicles can be recycled and, subject to fulfilment of legal prerequisites, can be returned free of charge. Further information is available from your Volkswagen dealer, on the Internet at volkswagen.com or in the Federal Republic of Germany via the free-call phone number 0800 – VOLKSWAGEN (0800 – 86 55 79 24 36).

The use of mobile online services from We Connect is made possible by an integrated Internet connection. Where network coverage is available, the data costs incurred in this context within Europe are borne by Volkswagen AG, with the exception of Streaming & Internet services. To use the Streaming & Internet services and the wireless internet hotspot, data bundles can be bought via an external mobile communications partner, Cubic Telecom, and used within many European countries where network coverage exists. Information on prices and supported countries is available at vw.cubiclecom.com. Alternatively, it is possible to use Internet radio, hybrid radio, and media streaming via a mobile end device (for example a smartphone) that is enabled to function as a mobile wireless internet hotspot. In this case, the corresponding services are available only in conjunction with an existing or separately concluded mobile contract between you and your mobile provider, and only where coverage by the corresponding mobile network is available. Depending on your mobile phone tariff, receiving data from the Internet may incur additional charges, particularly if you are using the phone abroad (e.g. roaming charges). To be able to use the free We Connect app, you need a smartphone with a suitable iOS or Android operating system and a SIM card with a data package as part of an existing mobile phone contract between you and your mobile phone company or with a contract concluded separately for this purpose. The availability of the individual We Connect and We Connect Plus services described in the packages may vary from country to country. The services are available during the agreed contractual period and may be subject to amendments or ceased throughout the duration of the contract. For more information, visit www.de/mod or contact your Volkswagen Commercial Vehicles dealer. For information regarding your mobile phone tariff, please contact your network provider.
